At **6**, he mixed with Serato & Maschine MK2. By **8**, mastering piano and drums.

By **10**, he was collaborating with top musicians from North America, **dropping** original tracks, spinning records along West Coast **radio** stations & **performing live** all over Las Vegas.

With over **65,000 monthly listeners on Spotify** now, & nearly **8,000 Subscribers** on his **VR Gaming Channel** ... he's climbing fast.

His **productions** draw from dubstep, trap, bass house, UK garage, UK bass, and other **hard-hitting** subgenres.

His performances include live drums & piano while DJing on stage. (Come listen at his two year long **residency at Area 15 in Las Vegas!**)

His path is to become the **face of modern bass** music & revolutionize the live EDM world.
